

Online Open Enrollment

This year for the first time an online open enrollment feature will be available through Benefits Self Service. Online open enrollment will be available for a limited time—November 3 through November 14. Online enrollment is required for those electing the new IU HDHP PPO & Medical Savings Plan, and optional for those making other enrollment elections. Instructions and FAQ's are available at: www.indiana.edu/~uhhs/benefits/2009/OE-online.html. The advantages of enrolling online are:

- Benefit elections can be made until midnight, November 14, 2008.
- You will receive immediate confirmation (via email) of benefit elections.
- If you change your mind, you can reenter benefit elections until the deadline.
- Your form won't get lost in the mail.
- Benefit elections can be made anywhere an internet connection is available.
