

TIAA-CREF Offers Individual Counseling

Retirement and investment planning are very personal topics. That's why TIAA-CREF offers free, one-on-one consultations to faculty and staff in the IU Retirement Plan and to those who participate in the Tax Deferred Annuity Plan (403b) and the IU Retirement Savings Plan (457b). Expert consultants will provide personalized planning and guidance to help you reach your retirement and financial goals.

Consultations may include information on developing an investment plan, reviewing asset allocation/diversification, analyzing fund performance, and retirement income options.

To schedule an appointment with a TIAA-CREF consultant, register online at www.tiaa-cref.org/moc or call 974-4000 and ask for the **appointment desk**. A TIAA-CREF retirement counselor will be on campus on the dates and at the locations listed below.
